ITEM TITLE: Consider Approving the Final 2021 – 2022 Operating Budget

RECOMMENDATION:

Recommend that the Board of Directors approve the Final 2021-2022 Operating Budget.

FISCAL IMPLICATIONS:

The proposed changes and/or reductions represent a balanced Final Operating Budget for FY 2021-2022.

BACKGROUND:

We receive the final figures for our Property Taxes and Parks Assessment income in the middle of July. The County collects these funds and disburses them to our accounts that are held in the County. (General Funds & Assessment Funds)

I was very cautious with the budget because of not knowing what the final Property Tax income would be. Property taxes are the majority of our operating income so I cannot finalize our budget until I have received all the information. We did very well last year, considering that it was our first year fully open after the pandemic closures. We also ended up receiving \$30,000 more in Property Taxes than in 2020-2021.

Because we were careful with our spending, we were able to end in the black even with unexpected capital expenses. The final audit may change the final numbers somewhat, but it still remains that we were in the black again for the 8th year in a row.

Respectfully submitted,

Jessica Villa, Senior Accountant
