**BOARD MEETING DATE: July 14, 2022**

**ITEM TITLE: Consider Collaborating with CCRCDC, County Watershed Program, and Hyphae to Prepare a Proposal to the Bay Area IRWM Coordinating Committee for the Prop 1 Implementation Grant, for a Green Infrastructure Project at the Ambrose Center Park**

---

**RECOMMENDATION:**

That the Board of Directors collaborate with CCRCDC, County Watershed Program, and Hyphae to prepare a proposal to the Bay Area IRWM Coordinating Committee for the Prop 1 Implementation Grant, for a green infrastructure project at the Ambrose Center Park”

**FISCAL IMPLICATIONS:**

There are no fiscal implications at this time. Once a green infrastructure project has been identified the project will be presented to the Board for consideration which shall include fiscal implications, if any.

**BACKGROUND:**

At the April and June 2022 meetings the Board heard presentations for potential opportunities to develop green infrastructure projects at District parks. Two locations in particular were identified as potential project sites, Anuta Park and Ambrose Center Park. The presenters requested that the District consider collaborating on a project(s) that would benefit the community by enhancing park facilities and providing environmental benefits.

Respectfully submitted,

Doug Long, General Manager
